Empire gin	40	1,500
Bishop oak	40	2,500
Nguli		2,000
Nile special	05	3,500
City gin	40	1,000

Sample research done on alcohol consumption in AYIVU clan.

Out of 100 people	70 drink alcohol	i.e 70%
Out of 70 who drink	50 are addicted and look sick	i.e 75%
Out of 50 addicted	30 mentally sick	i.e 60%

This research was conducted in 2020, within 4 years out of 30 people who were mentally sick 15 have died i.e. 50%

= 60 died of alcoholism because of over consumption whether youth or adult.

This is a call to the government, my appeal to government is to stop the excessive consumption of alcohol.
